

Winter Cabin Renovation Continues

During the 2008-2009 year, renovation on the winter cabin continued and is a beautiful place to stay, even during the coldest months. The windmill, pump and water lines have received a lot of attention this year as well. Your membership is vital for the upkeep of these and the many other important elements of SAWUURA.

Sierra Ancha Wilderness
Unitarian Universalist Religious Association

the grove of the ancients

High in the mountains of central Arizona, there is a special place where Unitarian Universalists gather to experience the beauty of nature on 109 acres of pristine wilderness. Many call it our "hundred-acre wood" and it belongs to all of us.

But it is much more than just a place. It is a state of mind. It is sharing in community. It is practicing our stewardship of this planet by caring for our small part of it.

This is your invitation to participate in this mission to protect and preserve this wilderness for ourselves and for our children.
